

# Police Vehicles & Equipment Municipal Lease-To-Own Programs

# Advantages

**Our MUNICIPAL LEASES are specifically for state, county & local governments, special districts and authorities.** Get your essential new equipment now—no need to keep pushing back those critical acquisitions

**MUNICIPAL LEASING is just a smarter way to buy more today, for a lot less cash out of this year's budget.** And it makes sense! Unlike paying cash in advance for everything (the budget trap so many agencies get caught up in each year), municipal leases *s-p-r-e-a-d* the cost over multiple budget periods. ("it's the **pay-as-you-go**" model!) Our programs have no mileage, no maintenance, no condition requirements and no end-of-lease buyouts! All vehicles & equipment are registered and titled to your agency on delivery—you own everything on day one.
